FROM YOUR CO-CHAIRS

We want to thank those on the committee for their continued efforts over the past several months. They continually sought new ideas, dedicated their time and graciously hosted meetings to plan activities for our reunion timeframe. As we made site visits and talked about activities that people might enjoy, it did not leave our thoughts that we have lost classmates since our last reunion five years ago. It's always great to rekindle friendships that have lasted for decades, but important to remember those in our class who are now "Forever Cardinals." We look forward to the upcoming Reunion activities and hope you are planning to attend. — Steve Jennings and Bob Young
